Budget Committee Meeting
May 4, 1999

The meeting was called to order by Chairperson Glenn Clark. The minutes of the previous meeting were read and approved after corrections in spelling.
Mayor Churchill had not yet gotten bids on the repair of the steps on the Opera House, so the matter was tabled until the next meeting.
Ron Brand approached the committee with a request for funding for the public restroom at Clarence Witty Park. The matter was taken under advisement. He asked for $3800 for materials.
Joe Garlitz recommended funding work on the city's storm drain system. The City Crew can't do it as they don't understand water drainage problems. He suggested that the budget committee set aside a certain amount of money each year and hires someone to do the work until the problem is corrected.
